

Visiting Professor Landscape Architecture | Urban Design

**School of Urban Planning and Landscape Architecture
Faculty of Environmental Design**

Prompted by the events in Ukraine, the School of Urban Planning and Landscape architecture offers to a professor or a qualified professional specialized in landscape architecture or urban design to teach during at least a 6 months/flexible part time as visiting professor.

The objective is to allow professors, researchers or professionals to continue their research and teaching activities temporarily in Canada.

The travel expenses of the visiting professor will be covered by the School and its partners.

The visiting professor will be covered by the *Régie de l'assurance maladie du Québec* and the salary will be defined according to the profile and the teaching activities provided.

Profile required :

- PhD on a theme related to landscape architecture or urban design, planning or a related discipline.
Or
- Graduate diploma in landscape architecture or urban design or in a related field of land use planning, with 5 years of professional experience in the fields of landscape architecture: private or public practice, including experience of multidisciplinary work at several scales of the territory and significant teaching experience.
- Candidates whose experience and training are deemed equivalent will be considered.
- Significant knowledge in sustainable development.
- Ability to work in a team in an interdisciplinary context.

Assets :

- Membership of a professional association of landscape architects.
- Although the visiting professor will be able to teach in English, knowledge of French will be a plus.

How to submit your application

No later than 1st August 2022, please email your application file containing the following documents, in PDF format, to direction-urbapa@umontreal.ca :

- A statement of purpose containing a brief presentation of teaching philosophy and research interests;
- A curriculum vitae and portfolio;
